

You Can Be a Daughter Again

24 Hr Live-in Care

Over many years of working with seniors and their family members, we have found that when given a choice, seniors prefer home. Our Live-In Care is an affordable option to facility care and also helps maintain quality of life for seniors.

Here are a few reasons why seniors choose Live-In Care:

1. Fear of Falling

Fear of falling prevents seniors from being as active as they would like. With Live-in Care, a caregiver is by their side providing the confidence they need to stay active.

2. Fear of Being Alone

With Live-In Care, seniors have constant companionship with our experienced and compassionate caregivers.

3. Trouble Remembering Medications

A Live-in caregiver ensures that medications are taken for continued well-being and the family's peace of mind.

4. Dementia or Alzheimer's Disease

For those who are dealing with memory loss, it is often most comforting to remain in a familiar environment.

Live-in Care provides 24-hour peace of mind for seniors and their families and is an affordable alternative to expensive facility-based care. **Call us today for an assessment and to learn more.**

Please note: Services may vary with each individual Preferred Care at Home franchise office location. Each Preferred Care at Home franchise office is independently owned and operated.
